

RESTOBAR DIGITAL

WHAT IT IS

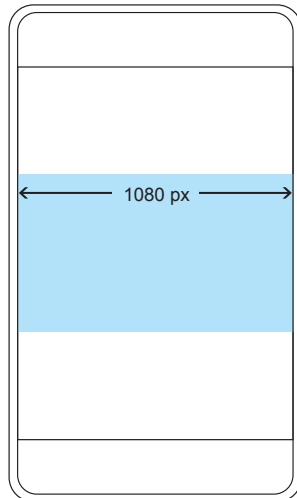

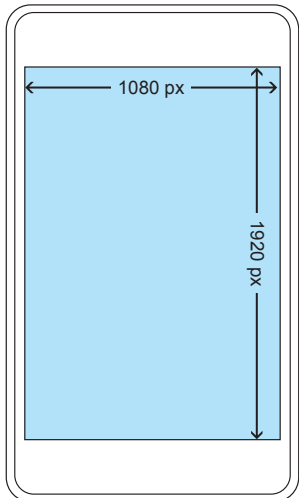

The Restobar Digital board consists of a 22" LCD screen that combines both video and sound. Your 15-, 20-, 30- second message is played in a loop.

WHY IT'S GOOD

- The combination of video and sound captivates consumers' attention.
- It offers a wide range of adaptable creative possibilities, including landscape video or full-screen portrait format.
- Various technological possibilities available (beacons, augmented reality, live feed, etc.).

WHERE IT'S AVAILABLE

Newad's Restobar network.
